ULTRA DISTORTION UD300

Ease of Use
Just twist the dedicated Level, Tone and Distortion dials to create a tasty new flavor of distortion that’s distinctively yours. The status LED tells you when the UD300 is activated, and the superior on-off switch maintains excellent signal integrity in bypass mode. You can power the UD300 with either a 9 V battery or our optional PSU-SB DC power supply (not included).

Sound Value
Because modern rock has to be able to go from restrained to roaring within a single song, you’ll fall in love with the UD300’s split personality – it’s like getting two pedals for the price of one! Get yours online or at your local BEHRINGER dealer today!

You Are Covered
We always strive to provide the best possible Customer Experience.
